## WHY ERSTEN IS CHOICE OF THE BEST.

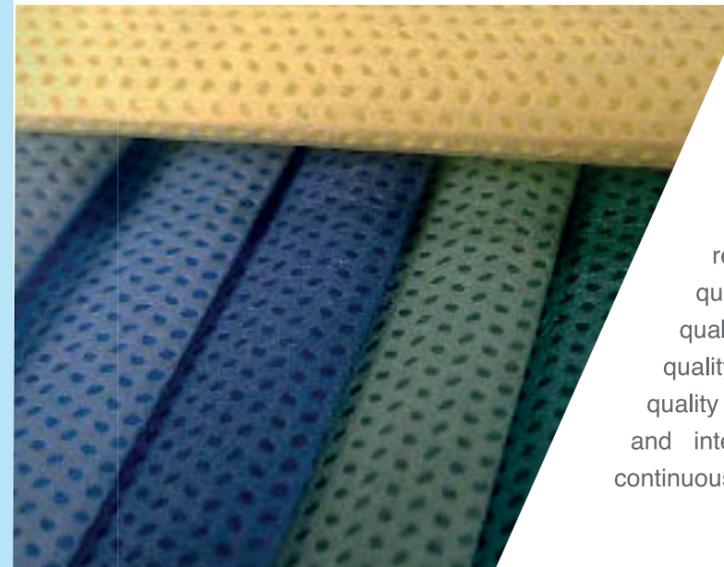

As a well reputed company, Ersten is committed to provide its customers with superior quality products and has implemented rigorous quality system to assure this. We place strong emphasis on quality parameters suggested by our valued customers and work towards incorporating superior quality into our products.

The key factors that have helped us thrive in this competitive market are:

## QUALITY

Our focus on quality is evident in our product range and performances as we source raw materials from reputed manufacturers. We have appointed a team of quality control analysis, who undertake stringent quality control measures ensuring supreme product quality. All our products stand high on verge of all quality so that they can easily withstand the national and international competition. Our products are continuously tested and retested for their properties.

## BUSINESS FOCUS

Over many years, we have built a reputation for ourselves in the hygiene industry for our high-quality products, dependable services and ability to accept new challenges and opportunities. Our continual focus is to maintain our product quality, efficiency and competitiveness in the global as well as in international market in which we operate.
